UPCOMING CLASSES

INTRODUCTORY SHOP RAT PROGRAM \$85, TUESDAY NIGHTS, OCT 6- JAN 26, 4-6PM

Students enrolled in the Shop Rat Introductory Class will participate in large and small projects related to construction, engineering, machining, welding and advanced manufacturing over the 15 week term. Open to any Lenawee County 6-8th grade student.

DEVELOPING SHOP RAT PROGRAM \$100, WEDNESDAY NIGHTS, OCT 7- JAN 27, 4-6PM

If a student has already successfully completed an introductory program, he/she may be eligible to enroll in the Developing Program. This class will build on students' existing skill sets regarding the use of Tools and Machinery. This session's curriculum will focus on 5 major areas of the skilled trades and manufacturing: Welding, Machining, Engineering, Construction and Advanced Manufacturing.
